THE SOCIETY OF
LEGAL SCHOLARS

PROFESSOR IMELDA MAHER

ORDINARY MEMBER

JOINED 2007

**Sutherland Full Professor of European Law ,
University College Dublin**

WHY DID YOU JOIN THE SLS?

As a migrant ECR who had no network in the UK, joining the SLS made sense as I could meet with other law academics in my field and beyond and at all stages of career.

BENEFITS

As well as the opportunity to get to know other academics, the conference, seminars and Legal Studies all provided a wealth of insight into current debates in my field and beyond while the Reporter gives me a sense of what was happening in other Law Schools in the UK and Ireland.

SLS INVOLVEMENT

- Former member of the SLS Executive Committee.
- Former general editor of Legal Studies.
- Past President 2016-17.

"The Society is a great way to meet others within your area of expertise and also to engage with wider debates - through the conference and Legal Studies. The emails/newsletter/directory means you know - a little - of what is going on/ who is moving where etc. The research/seminar competitions are prestigious and assist with research.

For ECR/PhDs its a supportive environment to help get started and to meet more established scholars. And for more established scholars its a great way to find out what the new trends are in scholarship."
