THE SOCIETY OF
LEGAL SCHOLARS

DR PETER UNDERWOOD

EARLY CAREER MEMBER

JOINED 2018

**Lecturer in Law,
University of Exeter**

WHY DID YOU JOIN THE SLS?

I joined to attend conferences and to hear about latest research.

BENEFITS

One benefit has been the networking and being able to meet other academics who I may not have been able to if geographically restricted to my home institution. Being able to meet specialists and other ECRs has been valuable. The mentoring scheme has been a very useful initiative.

"I would recommend the Society as it not only provides a platform to meet with other specialists in your field but also those who might be the same career stage but a very different field who you may not meet at a specialist society. The available funds, and regular publications are also beneficial to wider reading. Overall I have found the SLS to be very welcoming and have enjoyed being a member."
